PREGNANCY NEEDS **THOUGHTFUL ADAPTATION.**

Pregnancy places unique physical and emotional demands on the body. General yoga cannot simply be applied without thought full adaptation, yet many women move through this time without access to teachers who truly understand these changes.

01 · ADAPT

Adapt with Confidence

Safely modify practices for each stage of pregnancy, knowing when to adjust and when to avoid.

02 · ADDRESS

Address Real Discomforts

Support back pain, fatigue, breathlessness, and emotional shifts with grounded, evidence-informed tools.

03 · BRIDGE THE GAP

Work with the realities of the body.

This training prepares you to work with the realities of the body during this phase, not around them.

WHO THIS PROGRAM IS FOR

FOR THOSE WHO GUIDE **WOMEN** **WITH CARE.**

A professional training for those who want to guide women through pregnancy and recovery with more confidence, nuance, and care.

01 • TEACHERS

Yoga Teachers

Specialize in prenatal and postnatal yoga and expand your scope of practice with depth and safety.

02 • PROFESSIONALS

Fitness & Wellness Pros

Practitioners working with women who want structured, responsible guidance for this phase of life.

03 • CAREGIVERS

Doulas & Caregivers

Those supporting women through pregnancy and recovery who want a richer movement and wellness toolkit.

04 • FOR YOU

Curious Women

Anyone seeking a structured, deeper understanding of their own body through this extraordinary phase.

WHAT YOU WILL TAKE AWAY

PRACTICAL SKILLS FOR REAL TEACHING.

This training is designed to be deeply practical, helping you teach, guide, and support with confidence, clarity, and care.

01**Trimester-Wise Clarity**

Understand how each stage of pregnancy affects movement, breath, and the nervous system.

02**Asana Adaptation**

Practical tools to modify postures for diverse bodies, conditions, and comfort levels.

03**Fertility & Recovery**

Support hormonal balance, fertility, and postnatal healing with targeted yogic practices.

04**Pranayama & Meditation**

Guide breath, relaxation, and meditation practices specific to this sensitive phase of life.

05**Special Considerations**

Navigate PCOS, IVF support, gestational concerns, and other conditions with awareness and care.

WHAT YOU WILL STUDY · MODULES 01 TO 05

PHILOSOPHY, ANATOMY, AND THE BODY.

A structured curriculum that weaves yogic philosophy with anatomy, fertility science, and Ayurvedic tradition, before moving to trimester-wise practice.

01**Pregnancy Yoga Philosophy**

The yogic perspective on pregnancy, including the role of awareness, balance, and responsibility in guiding this phase of life.

02**Pregnancy Yoga Anatomy**

Anatomical and physiological changes during pregnancy, with focus on the pelvic floor, spine, and hormonal shifts.

03**Infertility**

Common causes of infertility and how yoga can support reproductive health through movement, breath, and lifestyle awareness.

04**Garbh Samskara (Ayurveda)**

Traditional practices that support maternal wellbeing and fetal development through diet, lifestyle, and mental conditioning.

05**Handling Complications During Pregnancy**

Common pregnancy-related concerns and how to adapt yoga practices safely in such situations.

WHAT YOU WILL STUDY · MODULES 06 TO 10

PRACTICE, BIRTH, AND BEYOND.

The applied portion of the curriculum: trimester-wise asana, breathwork and meditation, birth preparation, postnatal recovery, and teaching methodology.

06**Prenatal Asanas**

Trimester-wise asana practices, including modifications and safe sequencing for different stages of pregnancy.

07**Prenatal Pranayama & Meditation**

Breathwork and meditation techniques that support relaxation, emotional balance, and connection during pregnancy.

08**Labor & Birth Preparation**

Prepare the body and mind for childbirth through movement, breath awareness, and supportive positioning techniques.

09**Postnatal Care**

Recovery, healing, and gradual rebuilding of strength after childbirth through appropriate practices.

10**Teaching Methodology & Lesson Planning**

Skills to structure and teach prenatal and postnatal classes with clarity, safety, and confidence.
